

TECH TALK

The *INFOLINK* Tech Talk Series is a set of discussion forums established to:

- Address a variety of technology or "use of technology" areas in relation to libraries.
- Increase the face-to-face interaction of those who are technologically savvy or technologically curious.

DRUPAL IN LIBRARIES

Presented by **Brian Mayer**

Tuesday, May 18, 2010

10:00 am – 12:30 pm

(Refreshments at 9:30 am)

@ Rahway Public Library

2 City Hall Plaza, Rahway, NJ 07065, Ph: 732-340-1551

Directions: <http://www.rahwaylibrary.org/directions.htm>

Public Transportation: Library is visible from the Rahway Train Station and is located 3 blocks away. [New Jersey Transit (www.njtransit.com)]

No Charge (Registration still required!)

What is Drupal? What can it do for your library? Come and explore how it is being used across a variety of libraries!

Drupal is quickly becoming the digital face of many public, academic and school libraries. Join in on the discussion and find out what the buzz is all about. Attendees will come away with a better understanding of what Drupal is and what it is not, as well as the pros and cons in comparison to other options; the potential costs involved; and Drupal's benefits for libraries and communities as a resource management tool.

About the presenter:

Brian Mayer is a Library Technology Specialist for the Genesee Valley Educational Partnership as well as an Independent Library Consultant. Brian is part of a team actively developing and implementing library based web applications using the Drupal content management system. His Drupal development work includes: The GV School Library System (<http://sls.gvbooces.org>), The GV School Library System's Game Library (<http://sls.gvbooces.org/gaming>) and The Genesee Valley Digital Media Festival (<http://mediafest.gvbooces.org>) among others.

Note: *INFOLINK* Tech Talk Sessions are not hands-on workshops but rather forum format to explore the scope and issues of current technology trends and its impact in library services. Topics of interest are identified by the *INFOLINK* Technology Committee with input from the *INFOLINK* membership.

To register,
call the office at **732-752-7720/866-505-5465**,
